

## ENCLAVE ESTATE – COLORBOND FENCING GUIDE

A representative from DETA Fencing will contact you when your property has commenced construction.

You will be asked to fill out our **Fencing Application Form** and return this form to us along with a copy of your site plan.

We will schedule a follow up date to check on the progress of your build.

As your house approaches '**LOCK UP STAGE**', we will be back in contact and will liaise with you as your house progresses towards '**HANDOVER STAGE**'. It is at this time we will schedule your fencing installation.

DETA Fencing will advise you with an anticipated commencement date and an anticipated completion date so that you are aware and comfortable in knowing that your new home will be fully fenced prior to you moving in.

Please direct any queries during this process to Dean Reynolds on **Mobile: 0433 471 793** or email: [admin@detafencing.com.au](mailto:admin@detafencing.com.au).

Thank you.
